

“

It's eye-catching and long-lasting.

”

Monier is the world leader in roofing systems. It has perfected the art and science of roofing. Be it aesthetics, functionality or durability.

'Elabana', the colored concrete roof tile is specially designed for India. The roof tile comes with customized fittings and components, which adds to water tightness and in keeping the place cool.

Please ask our representative for our full range of roofing system components and imported tiles.
