

(established under Section 3 of the UGC Act, 1956 vide Notification No. F.9-19/95-U-3 dated 5 October 1999 of the Government of India)

Announces admissions for the academic year 2010-2011

TERI University's strength lies in its unique and exciting programmes. Each programme is multidisciplinary, focusing on students gaining knowledge across a wide spectrum of subjects. Teaching is strengthened by case studies, tutorials, and hands-on practicals. Minor and major projects, where students are encouraged to come up with innovative solutions to problems, are an integral part of each programme. The University harnesses the best of modern technology to support the intellectual curiosity of its students. Well-equipped laboratories, replete with advanced equipment and facilities, aid and stimulate research.

A placement cell aids students in their project/final placement - excellent placements in reputed companies.

Opportunities to do a fully-funded major project at Yale University, USA, and Frei University, Germany.

Limited scholarships in some programmes.
