

à vu

Once again, we sweep all "Bike of the year" awards.

It's an honour to walk up that podium and pick those coveted awards. For years now, Bajaj has been a pioneer in new technology; serving its customers with modern, innovative products. And now, the confidence shown in us by the automotive experts is just enviable. So while we go revel in this adulation, we would take this opportunity to thank you. For we dedicate these awards to you.
