

It's your chance to interact with the untamed

In Sundarban, world's largest mangrove forest, you experience the wild side of Bengal. The dense forest is the empire of famous Royal Bengal Tiger. The numerous rivers and canals are the nests to ferocious crocodiles that are notorious for their cold blooded crime. Besides, the jungle is the abode of many exotic birds that are rarely seen in other parts of the planet. The place is intense. The place is ferocious. Come; interact with the untamed at Sundarban.
