

Deductions available: Certain allowances, such as HRA, medical allowance, leave travel assistance and conveyance allowance are exempt if some conditions are satisfied. Till last year, employers had to pay fringe benefit tax on certain perks given to workers. But from this year, employees will bear the tax burden.

Income from house property

Rental income from letting out a house or commercial property. In case of second houses, the person has to pay tax on the deemed rental income as per the market rate of the location even if the property is lying vacant.

Deductions available: Standard deduction (30% of income), house tax and interest paid on loan for buying the property.

Capital gains

Any profit earned from the sale of an asset (property, jewellery, shares, mutual fund units, car, machinery) is a capital gain. Any cost incurred to improve the asset is added to the cost of acquisition.

Deductions available: Exemptions depending on asset class and period of holding, indexation benefits, investments in specified options.

Income from business or profession

This is the net profit earned by any business or profession that a taxpayer might conduct during the year. This is not applicable for salaried taxpayers.

Deductions available: Expenditure for business or profession, losses from previous years, carrying forward of losses.
