Knowledge creation is key to global leadership. The Bearys Group recognizes that to facilitate knowledge creation, it is vital to provide research and business, spaces that inspire new thought, enhance collaboration and create a sustainable environment. Pursuing the opportunity to create such an environment, Bearys Global Research Triangle (BGRT) has become the first project to obtain Platinum LEED Certification from both USGBC and IGBC. Located in the proximity of ITPL at Whitefield, Bangalore, this world-class high technology research enclave is modeled on the much celebrated Research Triangle Park (RTP), North Carolina, USA.
