Mumbai is like a boil on the forehead—obvious, angry, ready to burst and in strange ways mesmerising and even stunning to look at. *Bombay Then Mumbai Now* is a document of this fact. Divided into two portions, each written and documented by a team—the past by Jim Masselos and Pramod Kapoor and the present by Naresh Fernandes and Chirodeep Chaudhuri—you

constantly get the feeling that the city is about to explode. And yet, somehow, it manages to stay put, contained by the thin skin of culture, commerce and common sense.

Masselos, a doctorate from the Heras Institute of Indian History and Culture at St. Xavier's College in Mumbai, doesn't quite suggest that the city is about to ooze with pain and joy. As a historian, his words are tempered. But as he takes
