

NEW DECADE GREAT EXP

As we go into the new decade,
it's time to reflect on what lies ahead.

Leaving behind "the Decade from Hell",
it's time to discuss and debate what
can and should be changed—
security, the environment, society,
science and technology, relationships.....

Join us as we bring the World's foremost economists,
politicians, innovators, business and thought leaders
to discuss what they expect from the new Decade
