Voice is Development.

If after long 62 years of independence, after thousands of plans, programmes and schemes, and after budgets worth millions of millions, we still need to feed people on Rs.2-a-kg rice, farmers commit suicide, mothers sale children for poverty, it's definitely not because we don't have funds. It's more because the downtrodden fail to raise their voice and claim what comes for them.

As journalism is the time-tested civilised non-violent weapon of democratic voice, the Commonman Trust launched a people's newspaper movement Aromv, which means Agenda for Reinforcement of Ordinary Man's Voice.

Pioneer of People's Journalism concept since 1995, daily a commonman becomes the Lok Sampadak of Aromv whose voice is reproduced as front page Editorial. All our readers are empowered with Lok Sambadik cards to raise voice against injustice and exploitation through the newspaper.

The Struggle

After long 12 years of struggle since an intolerant state government stopped Aromv in 1996, it

Journalistic Activism

To put social pressure on the state government, Aromv organised a Mahapanchayat on recent farmers' suicide in Orissa.

And, here the commonman speaks..

On farmers' suicide. On Vedant University Bill. Even on whether the Governor should accept the State Government's recommendation to prorogue the Assembly abruptly or not. Unlike the famous Silent-listener common man of legendary RK Laxaman, the living common man of Orissa has started to speak
