Rev it like Charani:

Left-arm spinner N. Shree Charani entered the history books with the first of her four wickets in the summit clash. Latching on to a catch off her own bowling to dismiss Samarawickrama in the 14th over, she took her 36th wicket of the year. With this scalp, she broke the record for most wickets in a calendar year by an Indian in women's T20Is, surpassing leg-spinner Poonam Yadav's 35-wicket tally in 2018. Charani achieved this feat in 20 innings compared to Poonam's 35. [BCCIWOMENX](#)

No trophy, no problem: India beat Sri Lanka by 72 runs to clinch an eighth Asia Cup title, the fourth since 2012 when the format changed to T20. However, controversy struck during the post-match presentation ceremony when the Indian team refused to collect the trophy from Mohsin Naqvi, Asian Cricket Council chief and Pakistan's Interior Minister. This mirrored what happened in the 2025 Men's Asia Cup where India beat Pakistan in the summit clash. Shafali ended the tournament as the top-scorer with 236 runs, while Deepti was the leading wicket-taker with 14 scalps. [BCCIWOMENX](#)
