

10 TOP PORN TRENDS

Hot Button

It took pornography over a century to evolve from erotic novels and girlie magazines in brown paper covers to VHS videos, CDs and DVDs. The transition of Internet pornography has been exponential, going from still photographs to streaming videos and finally live cams within a decade. Most of this has piggybacked on faster Internet speeds. Here are some of the trends sweeping through the online porn industry:

1 VIDEO ON DEMAND

Certain porn websites allow you to view their entire collection for under \$10. This is more like paying per view and is valid for a fixed number of hours.

2 ONLINE COMMUNITIES

There are several online communities dedicated to South Asians which you can be part of and which routinely send you pornographic clips and pictures.

3 INDIAN PORNOGRAPHY

In the last few years, there has been a huge boom in Indian pornography—from amateur videos out of Indian metros to the Sunny Leone kind of porn stars. The proliferation of webcams has made an amateur porn star out of every computer user. There are several online groups where they post their videos. Most shoddily shot and poorly lit, featuring everyday Joes living out their fantasies. Surprisingly they are quite blasé about showing their faces.

4 MALWARE

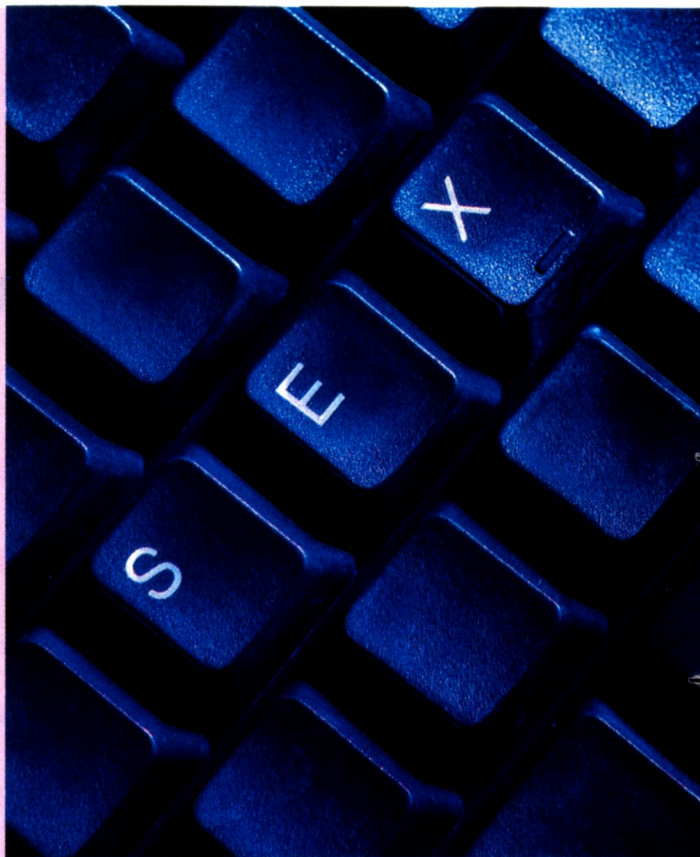

Not a trend but more of a threat. A large number of these porn sites have malicious software or malware designed to infiltrate or damage the user's computer. It is highly recommended that you first download a good antivirus or spyware blocker before surfing a porn site.

5 RUSSIAN SITES

Another recent feature of online porn has been the proliferation of Russian porn sites. Most offer free movie downloads and even copies of obscure Scandinavian porn magazines. Best to be careful because some of them are not very reliable and contain malware.

6 STREAMING VIDEOS

A number of adult sites offer videos in various categories. It's basically like going through a yellow pages. You want a category or fantasy, they have the videos for that. The sites are free but if you want

full screen or downloads of movies, you have to pay a monthly premium membership.

7 LIVECAM WEBSITES

There are a number of livecam websites which have girls in various chatrooms. If you buy a \$10 package, you can visit multiple chatrooms. If you like a girl, you can have a private chatroom session with her. She tells you that her charges are, for instance, 50 cents a minute and you can pay to chat privately with her.

8 THE GIRLFRIEND EXPERIENCE

No. Not the Steven Soderbergh film. This is a further evolution of the livecam experience where you have an online girlfriend who you hook up with on the Net at pre-arranged times. It's called the GFE and is one of the biggest fads in online porn.

9 POCKET PORN

Various called pocket porn or the pink visual, it's the latest visual porn application which has caught on in the US. Faster Internet speeds now allow you to surf porn on the go on your iPhone or BlackBerry.

10 ONLINE KINKY SEX

Another variation of the online chat rooms where the girl lives out your fantasies. Whips, bondage, anything.
