

**Laxman Public School** has sprawling play fields and the encircling belt of trees, the well maintained lawns and gardens that enclose the school structure symbolize the school motto 'BE YOURSELF'. To know what one should be doing in life is really to discover one's own true self. Your real is not your physical appearance. The School motto "Be Yourself" speaks volumes about the quality of education which the school imparts and the values it stands for. The school believes in imparting Holistic Education to the students which will lead to the development of three H's – Head, Heart & Hand, so that they could efficiently discharge their duties to themselves, to the community and to the nation as a whole. The School has received the International School Award (ISA) accredited by the British Council for successful integration of the international dimension activities into the School Curriculum. To develop academic excellence, the school offers a wide syllabus with careful planning and guidance, and this has enabled the student's independent thinking and self expression. Group activities in the school inculcate in the students team spirit, feelings of patriotism and teach them values of sharing and caring. The ideals of quality and excellence, with emphasis on human values, commitment, discipline, help to mould the student to adopt a modern, progressive and international outlook with a secular nature. In Laxman Public School, opportunity is given to each student to acquire the values and beliefs that will guide him/her throughout their life.

**Mrs Shyama Laxman Agarwal**  
**Chairperson**

"inner voice which tells you what to write or what to create invent or say. You must always listen to this inner voice and have confidence in its strength. It will come to you involuntarily even when you are not aware of it. If you realize its presence and allow it to develop and grow inside you with your studies and hobbies, then you will build confidence in yourself. From this confidence will originate noble and correct values and ideas which others will respect. Only if you are true to yourself first, you can be true to others. Only then you can be 'Yourself- which incidentally is the school motto.
