Evolving. Continuously...

Find 14 acres of the most caring and stimulating environs for academic and personal growth. The Asian School engenders holistic education through a salubrious partnership among School, home, and the wider community. With its enviable academic record, the School provides outstanding facilities for art, drama, music, sport, and excellent computer and language labs. A hand-picked Faculty disseminates information with the help of a well-stocked library. Commodious hostels, a modern gymnasium and a superb swimming pool complete the picture. The School seeks to create individuals who will fashion the future of their country and the world.
