

IT ONLY TAKES A REVOLUTION TO MAKE THE WORLD GREENER

Every time your MRF ZSLK tyres rotate, the earth becomes a greener place. For it is India's eco-friendly car tyre. A great drive for you and a green drive for the country.

MRF ZSLK is available for the Ford Fiesta, Honda City, Ford Ikon, Hyundai Accent, Hyundai Santro, Honda Civic, Skoda Octavia and Chevrolet Spark.

MRF ZSLK
INDIA'S ECO-FRIENDLY CAR TYRE

TUV, Germany has tested MRF ZSLK tyres in size 175/65 R14 82T tubeless and has found the rolling resistance lower than a regular carbon black tyre in the same size by 15%-25% at different speeds.

Normally **low rolling resistance results in better fuel efficiency while driving on roads.** Motorists are advised to always maintain correct inflation pressure, this influences tyre life, fuel economy, safety and operating performance.

MRF ZSLK tyres are available at select **MRF T&S** outlets and select MRF dealerships. MRF makes tubeless tyres for a wide variety of vehicles. Visit us at: www.mrftyres.com For further assistance contact: write2us@mrffmail.com
