

Transforming Lives...

"Scientific spirit is rightly encouraged and truly attained at Indraprastha."
-Sh. Vineet Joshi, Chairman, CBSE

Indraprastha believes in the maxim that 'Great opportunities to help others seldom come, but small ones surround us everyday'. Hence, regular Community Outreach Programmes are organized to emphasize and sensitize our youth for their responsibilities towards the society.

Nothing great was ever achieved without enthusiasm. The students of the Indraprastha schools proved their mettle when the class 12 batch of 2009 did their schools proud by 27% of them managing to crack the IIT JEE. 33% of our students cleared the DPMT.

Indraprastha schools have also been accredited with EDEXCEL Board, UK, an organization promoting international curriculum. The schools are active members of UKIERI which encourages young people to connect with the outside world and appreciate different learning and teaching styles. The schools have hosted delegations of British School teachers, Australian teachers and principals of Korean schools under the different Exchange Programmes.

"Inculcation of moral and spiritual values in the students here is worth appreciating."

- Sh. Arvinder Singh Lovely, Minister of Education, Delhi, Government

A Japanese delegation is visiting the school for a joint international sporting event to be held in India & Japan.

The parents have been a productive segment of the school for their feedback to reorient teaching strategies. We are an open organization willing to redefine our objectives from time to time to foster human values and Indian ethos in the children.

Winners don't do different things. They do things differently.

Indraprastha schools are committed to provide global standard education through the most modern pedagogy and technologies making our children competent to take up challenges. We are passionately dedicated to instil Indian values systems, moral and spiritual education. To sum up, we adopt children, facilitate learning and help them to have courage & confidence to face challenges of life.
