

Encouraged to Achieve

Optimum Performance Level

The initial years for any educational institution are apt to be challenging but with divine benevolence we can afford to boast of having earned a name, owing to the co-operation of the management, dedication of our industrious staff and a healthy response from revered parents. Ganga International School has made every effort to impart a unique blend of tradition and modernity in its educational programmes. We are pleased to open the portals of this school to those of you who share our vision of value-oriented education

Ganga International School is situated in a serene, pollution free, eco- friendly environment spread over 20 acres of beautifully designed and landscaped campus. Ganga International School, established in the year 1989, was recognized by the Directorate of Education, Government of Delhi and affiliated to the Central Board of Secondary Education in 1992. It was upgraded to the Senior Secondary level in the year 2001. GIS is a community of care, challenge

and tolerance: a place where students aged 5 to 19 from around the world meet, study and live together in an environment which is exceptionally beautiful, safe, culturally diverse and inspiring to the young mind. The excellent academic, athletic and artistic programme imparted, give the students a true international education, one which not only prepares them for university studies but also enriches their lives to within a multi cultural environment. The school is responsive to parents' wishes and flexible enough to respect each student as an individual. Students whose creativity, imagination and critical judgment require daily challenge and who strive for excellence, will find their years filled with joy and excitement at GIS.

The School offers mess facility to day scholars from class LKG to class VIII. The students get snacks with fresh juice/ hot soup during the recess at nominal charges. Students are prepared to develop academic and social skills while building self confidence and maturity. The organizational and recognition systems give the students, the necessary tools for the future. The GIS Boarding has a capacity to accommodate 1000 students in its eight boarding houses – four senior boys hostels, two junior boys hostels and two girls hostels, which provide a homely environment so vital for the healthy growth of children. Each hostel has modern amenities -ventilated sleeping rooms, a central courtyard, recreational area, indoor games, audio-visual equipment and reading material. The hostel has its own in-house laundry facility. Nutritious and hygienic food is served in the hostel. The school maintains a hospital-cum-dispensary, for boys and girls, looked after by a qualified residential doctor and nurses. They constantly monitor the health and growth of each student and examine the children

Ishant Sharma (Cricket), Tarranum Handa (Lawn Tennis) & Yudhveer (Hockey) who have represented India in their respective disciplines, as students of Ganga International School

regularly. Proper medication and care is provided to the sick children and specialists are consulted in case their services are required. The school library is stocked with a large number of books, audio-video cassettes, CDs, journals and periodicals covering a wide range of subjects that are of interest to the students and the faculty. The school has separate, fully equipped operational laboratories each of Physics, Chemistry, Biology and Computers which incorporate the latest concepts and specifications for

practical work. The Social Science Laboratory encourages the children to explore the avenues of History, Geography and other related areas which make the teaching-learning process more effective, interesting and enjoyable. Identifying the strengths and weaknesses of the students the school provides special care to slow paced learners and to those who are unable to reach the benchmark.

These laboratories help the students in achieving goals of a higher order for themselves. Physical education and activity forms an integral part of every day routine. To develop their fitness, physical skills, versatility and a sense of fair play, GIS has appointed qualified and competent instructors to take care of each game to train and supervise the students. The school has sports grounds of International standard for Cricket, Hockey, Football,

Basketball, Volley ball, Lawn Tennis, Baseball and has a multipurpose amphitheatres, a swimming pool, an athletic track, a skating rink, a gymnasium, a shooting range, and provision for roller hockey, horse riding, martial arts, table tennis, billiards and snooker. The school encourages the students to choose a hobby suiting their aptitude from the wide range available-literary and scientific activity clubs, book reading, art and craft, sculpture, photography, needle work, paper recycling, Indian classical dance, music, band groups, environmental club and dramatics. Various educational tours, picnics and adventure camps are organized on regular basis under professional supervision to familiarise the students with various cultures and traditions and to put their adventure skills to use. These outdoor activities not only provide entertainment to the students but also supplement the classroom learning.
