

The ingredients of a success story.

Seven women felt that they could knead dough like no other. Another seven believed they could roll the perfect *papad*. They borrowed eighty rupees; they gave one hundred percent.

And they created history.

Over the last forty years, Shri Mahila Udyog Lijjat Papad has grown from a tiny self-help group with Gandhian values to a Rs 300-crore company that employs over 40,000 of India's rural female population.

Everyone starts small, but there is no limit to what big dreams can achieve.

If you are a woman entrepreneur or know one who has set up a successful enterprise and contributed to society at large, share your story with us for a chance to be nominated for the
