

The understanding of one person. You.

Amway knows about your needs and your desires. Things that you care about and the things you can't do without. It is this understanding of you, your family and every little aspect of your life that inspires Amway to make world class products.

Today, **500 scientists** are working to make the floor cleaner safe for your child and the dish washer gentle on your hands. Today, we perform **7000 quality checks** every month and use **100% organic ingredients**. So that nothing comes in your way of living a better life.
