

The Volkswagen Touareg.

The first thing you should expect to see, in places where you'd least expect to see anything is the Touareg. Easily the most proven off-roader among luxury SUVs. Its powerful 3.0 L V6 TDI engine delivers a whopping 239 PS(176 kW) that helps conquer the harshest terrains with relative ease. Extreme capabilities like 45 degree hill climbing, 500 mm water wading, 35 degree tilt driving and all manner of creature comforts, including 4-zone climatronic AC, further add to the adrenaline rush. So it's no longer a question of whether the Touareg can get you there, but of how soon. **German engineering. Road Dominating.**
