

THE CHANGING FACE OF INFRASTRUCTURE: A PERSPECTIVE

A post graduate in civil engineering from IIT and is also a MBA and a Law Graduate. He has worked in various projects for the government as a gazetted officer for more than decade. He has trained and worked with urban housing at HUDCO and IIPA, Delhi. Mr Sharma is the main stay of the group and is the brain behind the business plans and acquisitions.

INTALKWITH

Anil Kumar Sharma
Chairman and
Managing Director

Q. Regarding the USP of the Amrapali Group

- Our USP has always been to complete the venture well in time with complete honesty and by keeping promises made to 20,000 buyers all across India without ever getting embroiled into any dispute.

Q. Regarding reasons for success

- Today as we stand, the Indian economy growing steadily, real estate being one of its main drivers. Our mainstay has always been quality, range of amenities, long-term performance and on-time delivery which has gradually become the drivers for our success.

I also feel our strong base of technical expertise and sturdy financial standing has ensured that the group has a long innings and a long-term commitment to developing healthy, pleasant and comfortable communities.

Q. Regarding last year's slump and the economy

- I feel the economy will be on the rise as it is now if the following three things are balanced namely, Fiscal deficit, rate of growth and inflation.

Q. Regarding Amrapali group as a leading real estate group

- I would like to say the group has been least affected by recession and has 100 % employee satisfaction. With 6,000 employees working in Amrapali the employee retention rate has been hundred percent.

Q. Regarding ongoing projects

- The ongoing project for the group are Amrapali Smart city, Amrapali Zodiac, Amrapali Grand, Amrapali Silicon City, Amrapali Platinum and Amrapali City – Jodhpur to name a few. We are also coming up with 12 hotels in Delhi & NCR.

Q. Regarding need of the hour

- With the upsurge of growth in real estate sector, Amrapali Group has always been in the main stream. The increasing requirement of multinational and indigenous occupiers, as well as growing profile of property consultancy services, in India we need to shake hands and establish ethical relationship between each other.

Setting the modern, luxurious and Amrapali group : most reliable name

Amrपाली Group is a leading name in the Indian Real Estate development Industry. The Group is founded and operates on sound professional and ethical values. Our rich experience and credibility has made AMRAPALI group a leading name in quality housing and township development in a short span of time.

Its operations are spread over various locations in northern and central India as on date and the group has several projects which have either been successfully completed and handed over to the buyers or under development. Amrapali group has projects in Nodia, Ghaziabad, Greater Noida, Lucknow, Jaipur, Gurgaon, Indore, Vrindavan, Bareilly etc. The projects consist of residential condominiums, commercial plaza and residential plot townships.

The Group of Promoters has experience of over a decade in construction and realty business. They are ably supported by a team of professionals in the area of project sales, project management, vendor coordination, HR and finance. Most of our projects are designed by Hafeez Contractor, a reputed and valued project architect in India.

Amrapali Group takes pride in timely completion of projects and living up to its commitments to stake holders. We have built a strong brand name in our market segment for delivering customer and stakeholder satisfaction. We enjoy immense goodwill in the buyer community, banking industry and amongst supplier of quality construction material.

The Amrapali management team takes pride in being one of the early movers in most of the new and upcoming markets. Amrapali group was one of the first to launch a large project in Indirapuram, one of the most sought after residential areas in present time. We have shown similar initiative while seeking projects in Vaishali, Jaipur, Lucknow and Indore.

The management is a right blend of experience and youth, bring in a balanced approach in project acquisition and project execution. The biggest asset that the
