

Jewel and Medium two tone Metallic shades with a distinct sheen on the fabric are the USP of this collection.

Worked-on pin tuck detailing and stylised collars add that extra touch to the whole range.

Park Avenue's engineered pattern shirts in contrasting hues and Dress Shirts in specially developed rich satin finish in all time favorite black and white are perfect for that after hour look.

The fit is a play on both the

slim and smart fit, providing that sleek evening feel.

Not just shirts! The slim fit style extends to the trousers and ties that are part of the collection that also bear the same metallic shine finish as the shirts.
