Sex Survey**

FLIGHT OF FANTASY

It's the forbidden fruit, a flight of imagination. The world of fantasy crosses all boundaries. Yet, it's a part of sexual desire, of living vicariously. India Today's annual sex survey goes into the deep, dark corners of the urban Indian mind – and gets men and women to abandon their stiff upper lip and reveal their innermost desires. The groundbreaking survey also analyzes trends and patterns in the world of fantasy, to see how it has changed and whether the Indian mind is truly ready to explore the boundaries of its sexual desire.
