ASHIMA CHAUDHURI
DIRECTOR

Ashima Chaudhuri

■ **SOUTH DELHI POLYTECHNIC-** Ashima Chaudhuri, our Founder Director has been a pioneer in India, for Vocational Education for Women. For the last 46 years, she has devised and upgraded Vocations. She has seen vocational courses shift from serious stigma to become exciting and 'in demand'. Or, those that were prohibitive to become popular and 'people friendly'. In other words, she has seen it all. We therefore, decided to begin this handbook*, with an extemporaneous elucidation by her. *Do note as a forethought, that this handbook is not just a quickie to be flicked by prospective students. It is also an archetypal exposition by a pioneering polytechnic, illuminating India's educational diversity.

Dr. Ishpal Bhardwaj

■ SAVERA GROUP OF INSTITUTIONS -

is established under the aegis of Savera Educational Trust in the year 2007. It is approved by AICTE, Govt. of India DTE, Haryana and affiliated to Maharishi Dayanand University, Rohtak Haryana. An institution that commits to impart quality engineering education has funded Savera Group Of Institution with B. Tech and MBA. World class engineering education can never come of its own, but through consistent efforts and reclassified targets. It becomes utmost important to impart standard education to the students so that they can face today's competitive and complex environment confidently. The students are developed to equip themselves with analytical and decisive skills so as to make the life a success. To create future leaders, out of young generation, capable of playing strategic role in nation building and service to humanity. We aspire to achieve excellent educational standard through quality teaching methods, modern and innovative procedures in order to attain global recognition at educational horizon. The campus is spread over 12.16 acre land at Farukh Nagar, Distt. Gurgaon.
