

"We lay emphasis on industrial readiness, and for that we expose our students to the direct experiences of top corporate leaders through seminars and symposia."

PANKAJ AGARWAL
Executive Director, SRMCCEM

programmes is through statewide entrance test conducted by UP Technical University, Lucknow.

The entry of the students in the PGDM course is through CAT and MAT exams, respectively. The curriculum of the PGDM course is fixed in consultation with the experts from IIMs and other premier management institutions with a focus on Agri-Retail Business, Advertising & Media Management and Financial Services.

FACULTY

SRMCCEM has a proactive faculty base. The evaluation system is based on

multi-faceted grading of every student. The teaching staff at SRMCCEM is highly reputed, knowledgeable and easily approachable to students. Extensive student interaction is encouraged; and colloquiums, seminars, projects and conferences are conducted frequently.

V Suryavansi
Passing Year: 2009 (B.Tech-CS)
Current Employment: MS in Computer Science SUNY Albany, New York

"The management here has strong work ethics and knows how to get the best out of students."

ACTIVITIES

The college celebrates a decentralized cultural festival that promotes equality and a sense of solidarity among its brethren, as every individual from the institution is expected to be a part of it. This festival provides diverse opportunities to the students in order to interact with various corporate houses, electronic and print media, and various ethnic groups. The college has a student senate, which extensively discusses academic and other problems openly and transparently with the management. The teaching process is structured in an industry-relevant manner, to fine tune the skills of its students making them better professionals.

PLACEMENT

The College has an efficient placement cell with a proud record of 100% placement. Seminars and conferences are organized to expose the students to the industrial world and acquaint them with the demands of the industries. The management at SRMCCEM maintains close relations with the corporate sector and has ties with several companies of high repute, such as Infosys, IBM, Wipro, BirlaSoft, Tata Chemicals, etc.

In its march towards the mission of nation building in general and nurturing quality professional education in particular, the need for autonomy has been long felt. Towards furtherance of this goal, SRMGPC is also coming up with a university, for which 150 acres of land has been acquired and construction work has begun. University is likely to be established by the academic session 2011-2012.

Sanobar Rizvi
Year of Passing : 2009 (B.Tech-IT)
Current Deployment: TCS - Assistant Systems Engineer

"SRMCCEM is the grooming ground where innovative ideas form the culture."

WHAT SETS SRMCCEM APART

To illustrate our commitment to excellence, some of the explanatory and noteworthy facts are:

- Analysis of performance of the last two academic sessions' of UP Technical University(which has more than 500 affiliated private colleges), showing the ranking of the SRMGPC:

	2007-08	2008-09
MCA	5 th	2 nd
MBA	5 th	4 th
B.Tech	13 th	8 th

- One third of B.Tech first year students have secured more than 80% marks in session 2008-09 of UPTU exam.
- Quality faculty with rich academic background from IITs & IIMs.
- Effective placement cell. Quality campus placements in well known companies like TCS, Wipro, Infosys, Mahindra, Tata, Reliance, HCL etc. Last year a total of 78 companies visited the campus.
- Continuous evaluation system as followed in various premier institutions of the country.
- Proactive commitment to corporate social responsibility by way of numerous activities.
