

# SAVERA GROUP OF INSTITUTIONS

**FACULTY OF ENGINEERING & FACULTY OF MANAGEMENT**

Education has undergone sea change in every concept and methodology due to progress in technology and people's mindset about education. However there is a large gap between the requirement and the availability of good education. We have envisaged Savera Group of Institutions to fulfill this gap so that quality education reaches to the farthest needy. We welcome aspiring students of engineering and management at Savera and wish that they become proficient engineers and capable managers while getting shaped at Savera.

All the Best & Thanks
