IIMT : The centre of excellence in technical and professional education

In this era of globalization, with the education revolution in its full boom IIMT, established in the year 1994, with 17 years of excellence in technical and professional education stands proud among rest other institutes mushrooming in every nook and corner these days just to add to the students success and give a proper direction to their future.

The interdependence between a confident, competent faculty and a disciplined and committed body of students shows the real spirit of IIMT exhibiting higher levels of resilience. IIMT proudly boast of charged brigade of 1200 faculties with excellent academic record and achievements in different areas who are actively involved in teaching, training and research. The empowerment of the faculty has been the propelling force behind the high quality learning at IIMT. A perfect blend of academia and modern technology, IIMT strives to train and develop the most promising professionals in the most congenial atmosphere for their growth and

development. The teaching methodology at IIMT is in complete synergy with the latest ever-evolving market trends. The cutting edge value addition programmes at the college gives IIMTians a sure shot over others. The analytical power, conceptual behavior, soft skills and communication ability of the students is enhanced through case-studies, audio-visual presentations, group discussions, role-plays, brainstorming sessions, industrial visits, project handling, seminars and quiz. Guest lectures made by ambassadors from different countries & specialists from corporate sector help IIMTians to develop skills which are essential in the corporate world

Apart from all this, IIMT provides exemplary facilities viz. state of art labs, huge library with excellent collection of books, conference halls, cozy comfortable hostels, multi-cuisine hygienic cafeteria. We heartedly welcome the young men and women endowed with inquisitive minds and high performance aspirations to come forward and join us to be one of the proud members of IIMT family.

ABHINAV AGGARWAL
SECRETARY GENERAL
