

institution, mostly doctorates, who have exemplified in their research work and hold meritorious accolades to their credit. As the faculty student ratio is 1:15, it is very easy for students to access their faculty for guidance and also for faculty to track their students academic improvement.

Among its many distinctive characteristics, the institution is specially recognized for its initiatives taken towards students holistic improvement as individuals. Apart from regular crash courses, students are given special attention towards improving their soft skills and life skills, to prepare them in becoming competent performers in the outside world. All these courses are offered to the students at no extra cost and the management bears the entire cost and responsibility to deliver the best training to its students.

Through the institution's Tier 3 approach, students who need special attention are recognized and are given extra attention towards their academic needs. With the aim of creating the country's finest scholars, Sree Sashta demonstrates in every way that it will not compromise in any of its efforts towards student development.

Clearly understanding the importance of realistic inspiration, the institution conducts guest lectures time to time which are graced by well known speakers and academic experts. Both nationally and internationally renowned subject experts deliver presentations, so as to motivate Sashta students to realize the fruit of passion and hard work.

Sree Sashta also encourages students to participate in extra curricular activities that revolve around their subjects and have some light moments to de-stress from their usual study routine. Inter-college and inter- departmental seminars and quizzes are conducted to help students to educate themselves and also to showcase their subject knowledge expertise through paper presentations and technical presentations.

Sree Sashta has a well experienced placement cell which is administered by internationally educated experts who have brought in both national and international companies to hire the best minds of Sashta. Companies who have hired Sashta students in the past include all the leading IT companies in India like Wipro, Polaris, Birla Soft, Infosys, CTS, L&T to name a few.

The college also recognizes exceptional students and faculty through awards and merits every year with gratifications worth 40 Lakh. All the activities of the institution are captured in its bi-monthly newsletter which also credits every little effort taken by Sashta members in creating a milestone in academics. The uniqueness of this institution lies in its ability to identify the importance of both the students and faculty alike, as they make the institution a victory.

Established with the noble intention of creating a better society, Sree Sashta has been executing many CSR activities in various parts of

Tamil Nadu. One of its recent activities called "Sigarathai Velvom" offered single window counseling and career guidance to +2 students and made them aware of the many opportunities available for bright students who want to excel in their field of interest.
