

UTTARANCHAL GROUP OF INSTITUTES SHAPING THE PERFECT CAREER

JITENDER JOSHI
CHAIRMAN

The Uttaranchal Group of Institutes established under the aegis of "Sushila Devi Centre for Professional Studies and Research", a society registered under Societies Registration Act (1860), are making significant contribution towards building knowledge based society. The holistic approach to education has been the "Mantra" of our society and over the years our commitment has yielded inspiring dividends. Our alumni have been recruited in premier organizations due to extensive industry-academic linkage UGI has been able to forge. Many students have qualified in foreign universities for further specialization course.

Law College Dehra Dun set up in 2002 to offer quality legal education, has the

distinction of being the first independent law college in Northern India. The college has provided lawyers for legal career with wide range of opportunities across the country. The Law College Dehra Dun (LCD) offers five year integrated BA.LL.B programme after 10+2, three year LL.B programme after graduation and LL.M. programme. The college has become a force to reckon with, in the field of legal education.

Another institute under the UGI is Uttaranchal Institute of Technology. UIT offers B.Tech four year course in Computer Science & Engineering, Information Technology, Electronics and Communication Engineering, Electrical and Electronics Engineering, Mechanical Engineering and two year MBA programme. The two other institutes, Uttaranchal Institute of Management (UIM) and Uttaranchal Institute of Business Studies (UIBS) are imparting Management Studies and Information Technology courses at undergraduate and postgraduate levels. The courses include BBA, BCA, B.Sc.(IT), MBA and MCA. B.Tech, MBA and MCA study programmes are approved by AICTE and affiliated to Uttarakhand Technical University, Dehra Dun and BBA, BCA, B.Sc.(IT) courses are affiliated to HNB Garhwal Central University, Srinagar, Uttarakhand. The unique features of UGI are; accomplished faculty state-of-the art labs. in all branches, digital libraries proactive training and placement cells and world class infrastructure.

NC & SD GROUP OF INSTITUTIONS COMMITTED TO QUALITY EDUCATION

The N.C. College of Engineering (NCCE), Israna, Panipat was established in the memory of Late Lala Nemi Chand Ji, a freedom fighter and an eminent social reformer in the year 1998. The college has emerged as a hub of educational institutions, comprising N.C. College of Engineering (the only autonomous institution under the Kurukshetra University), N.C. Institute of Computer Sciences, N.C. Institute of Technology, S.D. Institute of Technology and Management and S.D. College of Management under the umbrella of NC

and SD Group of Institutions. NCCE has been ranked 4th in infrastructure and 28th and 29th in overall ranking among management and engineering institution by EFY in its 2010 survey.

The institutions offer B. Tech. (Biotechnology, CSE, Civil, ECE, EEE, IT, ME), B.B.A, B.C.A., M. Tech. (CSE, ECE, ME), MBA and MCA. The Kurukshetra University has granted approval for the introduction of Ph.D. Programme in N.C.C.E. All the Programmes are duly approved by AICTE and affiliated to Kurukshetra University.

Under the autonomous status, degrees continue to be awarded by Kurukshetra University. The College, has its own curriculum and examination system, which provides need based quality education as per the requirements of the industry. A credit based grading system has been introduced in line with the current global trend. Course on Personality Development, Communication Skills and Soft Engineering Skills are given in addition to regular course.

The institutions have excellent record for placement of students in different organizations. Mega Campuses for placements are also organized for leading companies. The faculty is a blend of senior members with work experience in institutions of repute like IIT, IIMS DRDO, NDRI, BARC etc. and young energetic dynamic members. The NCCE has signed a MoU with Thapar University to facilitate Collaborative Research and Development Programmes. The institutions prepare the students to become industrial leaders and technological innovators.
