Many of them will be joining IAS, IFS, IPS and Allied Services this year. Upgraded Foundational Course –offering 360 degree solutions for Civil Services' Prelims, Mains examinations and interviews - for 2011 Civil Services examination is about to begin in Chanakya IAS Academy from 10th July and 10th August 2010.

What is so distinctly different about the success mantra of Chanakya IAS Academy to the aspirants year after year that it has produced about 1900 winners in IAS, IPS, and other services till date since over a decade? The answer lies in Chanakya's indigenous strategy of cultivating academic mastery along with administrative traits among the aspirants. Personality development through learning of relevant soft skills therefore is seen to be as important as mastering the syllabus. Personalised attention to the aspirants, rich library, and reasonably priced hostel accommodation has contributed equally.
