

LORD KRISHNA Group of Institutions (LKGI)

ARCHIVING EXCELLENCE THROUGH QUALITY EDUCATION

K.K. AGARWAL
CHAIRMAN

Under the altruistic and able guidance of its trustees, the LORD KRISHNA Group of Institutions (LKGI) was established with a vision to breed professionals in the fields of engineering technology and management. With two off-shoots namely LORD KRISHNA COLLEGE OF ENGINEERING (LKCE) and LORD KRISHNA COLLEGE OF MANAGEMENT (LKCM), the Lord Krishna Educational Trust aspires to provide its students international standard education. LKGI recognizes the importance of quality education in the socio-economic growth of the country and works towards this goal by not only inculcating the best courses in its institution, but also aiming at a wholesome development of its students. The colleges under LKGI have separate fully air-conditioned hostel facilities for boys and girls. Free

coaching for hostel students, 24-hour power backup, Wi-Fi environment, etc. are other pluses. The campuses have a visiting doctor and all medical facilities. They house a well-stocked library, a shopping arcade and cafeteria. It is the endless efforts of the Chairman, Sh K. K. Agarwal that has brought fruition to the vision of the Trust in creating dream colleges such as the Lord Krishna College of Engineering and Lord Krishna College of Management. In his words, "The education system should be able to meet the rising expectation of the students and the demand of the global market." This thought process is incorporated at LKGI through pedagogical, scholastic and practical curriculum that sharpens the minds of its students and makes them better analysts to deal with the growing pressure in today's world.

APEEJAY EDUCATION SOCIETY ANNOUNCES THE OPENING OF APEEJAY STYA UNIVERSITY

The Apeejay Education Society, with over 40 years of Excellence in education, announces the initial opening of Apeejay Styta University at Sohna, Gurgaon. Sponsored by the Apeejay Styta Education Foundation, the University is currently located in a sprawling picturesque campus with the state-of-the-art infrastructure.

Founded in 1967 by Dr. Styta Paul, illustrious industrialist, educationist and philanthropist, the Apeejay Education Society (AES) stands out as one of the premier non-profit education groups in the country, well known for its commitment to its students and to quality education of global dimensions, leading to man-making and nation-building. The prime objective of the Society has always been to educate the future leaders in every field, imparting not only relevant and timeless knowledge and skills, but also rooting its students in universal and humanistic values.

Apeejay Styta University will offer a diverse catalogue of technical, scientific, management and liberal arts courses for the academic session 2010-11. Applicants for admission will be accepted on the basis of comprehensive merit, judged by their academic excellence, their extracurricular achievements, and their utilization of the resources they have had available. As part of the application, the University would recognize a number of examination scores to establish academic excellence, including AIEEE, GMAT, SAT, and SAT II. The primarily research-focused university will work according to the internationally recognized credit based semester system, currently

most prevalent worldwide. The university's curriculum is independent, and greatly influenced by the latest developments in the field of education, and strong industry-academia partnerships. The university and its departments are supported and guided by a highly qualified independent International Advisory Board. The members of the Advisory Board comprise distinguished people drawn from industry, business, education, administration and public service organizations.

In the words of the Mrs. Sushma Berlia, Vice President, AES: "Our main objective for the university is to provide our students not only 'education for living and livelihood', but also 'education for life' by focusing on the inculcation of human and moral values through the curriculum. Our achievement is in empowering learners and providing them world-class education coupled with a fundamental foundation in leadership and professional skills to face the new liberalized global economy."

The AES has 29 institutions across the country with over 32,000 students, 2200 teachers and a 60,000-strong alumni network. It provides more than 85 courses to choose from, shaping the talents and aspirations of bright young generations, right from the formative years in schools to Post-graduate aspirants. With the launching of the Apeejay Styta University, the Apeejay Education Society continues to stay true to its motto "Soaring High is My Nature", emphasizing the fact that the sky is the limit in the pursuit of excellence.
