

college has already carved a unique place in the multitude of B schools set up in this region. It presently has a student strength of more than 3,500.

COURSES OFFERED

B.Tech, M.Tech, MBA, MCA, PGDM all the Programs are approved AICTE and Affiliated to U.P. Technical University, Lucknow.

ADMISSION

For B.Tech, M.Tech, MBA, MCA admission is done according to the rules and regulation laid by the UP Technical University.

For application to PGDM programs, the applicants require a Bachelor's degree (10+2+3) in any discipline from a UGC recognized university with a minimum of 50% marks in aggregate. Candidates awaiting final year results can also apply. Their admission is subject to submission of the requisite documents before the last date. In addition to this, applicants are required to take either the CAT/MAT/XAT/ATMA/CET or any other All India Management Admission Test. Students are called for a Group Discussion and Personal Interview on the basis of the scores of either of the All India Management Tests. The final selection is based on multiple criteria, and not on the Management Entrance Test score alone. In preparing the final selection list, inputs such as performance in Group Discussion and Personal Interview, the score of the entrance test, academic background are taken into consideration. Due weightage is also given to the candidate's prior work experience, extra-curricular activities and other notable achievements.

The institution welcomes students from all over the country and abroad; and from multiple graduation streams, such as commerce, arts and science. The college views this as a good opportunity for the PGDM batch to work together as a cohesive group.

TEACHING METHODOLOGY - The training module at GNIT-CM has a well-designed pack of group discussions, mock interviews, extempore speeches, role plays, case studies and management games. The college boasts a student-teacher direct and up-close interaction, where each student receives devoted time in order to discuss their problems.

FACULTY AND PLACEMENTS

GNIT-CM provides a faculty of highly qualified, well-trained and motivated teachers. The faculty encourages direct interface with students. The institution also conducts Management Development Programs and produces publications that depict current scenario. The faculty at GNIT strives towards making its students more agile, academically strong, and technically sound and helps them develop a pragmatic and rational approach Through comprehensive learning. We have a fully functional training and placement cell headed by professionals which takes care of the students.

FACILITIES

GNIT Group has a well-equipped computer lab with the latest Pentium PCs, software and communication tools. It also provides it students with a 24X7 online availability of net connection. To top it all, every student is given a branded laptop free at the time of admission. The college campus has a Wi-Fi environment that allows students and teachers to remain in touch all the time, from anywhere across the campus.

The college has a credibly well-stocked library and also subscribes to various national and international magazines and periodicals. It also subscribes EBESCO online database which provides thousands of national and international magazines and journals and is connected to other libraries including the British Council.

The classrooms at GNIT Group are spacious and well-equipped, with LCD projectors and air conditioners. The college conference room has the latest multimedia equipment fitted for the benefit of its students. GNIT College of Management provides its students with hostel facility for Boys and Girls separately, which further has all basic necessities available. All the students of PGDM are sent study tour abroad on a study tour to gain first hand experience of global environment.

The Mess encourages a sense of belongingness and fraternity amongst the students along with providing the students with a wholesome diet. The Mess committee is planned and managed by the students in consultation with the caterer and the management responsible for managing the affairs of the hostel.

The college provides ample opportunities to students for outings and travels and thus runs its own buses that facilitate students to venture out of the campus. It has cafeteria and various indoor and outdoor sport activities that are further promoted by the Student's Sports Club and from time to time inter-institute and inter-batch tournaments are organized.
