

QUANTUM GROUP MANAGING YOUR FUTURE

AJAY GOEL
CHAIRMAN

Quantum Global Campus stands at Roorkee, in the beautiful hill-state of Uttarakhand, it is truly premium seat of learning in the present Global Business Scenario. Quantum Global Campus impart excellent education to make its students best in the fields of Engineering and Management.

Quantum Global Campus is conceived, designed and orchestrated by a very well established Corporate House. The group caters to national and international markets through its large scale manufacturing units. It has deep inroads into the corporate world and is eager to use its vast experience for the benefit of its students. Quantum has mobilized its skilled faculty and administration to design an extensive courseware with new teaching methodologies that gives its students an edge at the finest placements

Quantum School of Business offers PGDM and MBA in Marketing, Finance, HR and International Business. Quantum School of Technology offers B Tech. in Computer Sciences, Information Technology, Electronics & Communication and Mechanical Engineering

The engineering faculty is from IITs, BITS Pilani, NITs and other premium institutes, the Business Faculty & Trainers are from IIM, XLRI, FMS and other leading B Schools of India, such highly qualified faculty hones the student's skills, insights, and self-confidence required to meet the interdisciplinary demands of real business and industry situations. The curriculum is thereby designed in line with industry requirements and is constantly upgraded by experts from industry and academia.

The students are treated with the dignity of a potential technologists and budding Managers and are made aware of their rights and responsibilities and their entrepreneurial as well as technical skills are honed in a free, frank and fearless environment. The conventional teaching is well supplemented by Value Added Program (VAP), in-house Training, Industrial visits, Industrial Training, Seminars, Conferences, the Inter-Departmental Quizzes, Debates, Dramatics & Guest Lectures. Also other sports & Cultural activities are constantly under taken by a group of highly dedicated body of faculty & students.

The separate hostels for girls and boys are within the campus and exude a warm and friendly ambience. The campus and hostels have exceptional recreational and sports facilities.

The attitude of constant achievement, inner strength and the spirit of entrepreneurial leadership glow in its budding engineers, technologists and managers towards a shining future.

NAMRATA SURI
FOUNDER AND CHAIRPERSON

NATIONAL INSTITUTE OF ADVERTISING THE CASE FOR WITHIN REACH EDUCATION

It is not possible for everyone to pay outlandish and high fees. In reality people still do not spend equal money on educating a girl child. Students do not get easy loans and rates of interest are high even for students. Employers do not write off the new entrant's education loan.

In the above scenario that persists in India at this time – we need an education system that will provide for this and yet is sustainable. This is possible only with the help of entrepreneurs in education to treat it as a social responsibility. Genuine scholarships should be offered not discounts and each institution must work towards participating in the economic growth of our nation.

For a specific number by each institute, it is easily done with deferring of fees till the student is employed and starts paying back. The loan must be interest free. This will provide equal opportunity, admission on merit alone and will do away with all the resistance faced by students specially the girls at home where paying is a problem and saving for 'weddings' is a norm.

When the systems do not work, we can change the system. But we need to change ourselves first. Namrata Suri is Founder and Chairperson of National Institute of Advertising.
