The College of Engineering & Rural Technology, Meerut (CERT) established in 1999 under the aegis of Chitragupt Social Welfare & Educational Society has been contributing tremendously to meet. The indispensable need of most competent Technocrats, Scientists, Managers and Engineers in the present era of Global Industrialization. The Institute aims at grooming the budding young professionals by equipping them with required knowledge and talent by their all round development.

College of Engineering and Rural Technology, one of the leading institutes of higher technical education in India stands for top notch undergraduate & PG programmes in Meerut, Uttar Pradesh. We offer a spectrum of degree programs in domains like engineering computer application and management.

The course curriculum is so designed that various programs become perfect blend of academics and professional excellence Academic infrastructure and congenial academic environment always substantiate it. The campus is majestically spread over approximately 20 acres airy, well illuminated there are separate hostels both for boys & girls with in the campus. The college also provides transportation facility to students and faculty coming from various parts of the city.

Faculty members represent blend of high credentials and substantial experience to enrich the process of learning. With the passage of time CERT will reach the pinnacle of glory by producing highly talented world class dynamic humanized engineers and professionals to overcome the turbulent milieu of mind-boggling tempestuous times possessing startling values of life such as honesty, truth, perseverance, persistence commitment & self abnegation igniting their latent spark of creativity with perfect blend of professional expertise & human values to meet the corporate needs of society where social justice & equity would reign supreme. The college with its magnificent infrastructure, labs, library, computers, faculty and staff is triumphantly running B.Tech. course in EC, CS, IT, EI, ME and also Master of Business Administration (MBA).

MAYA ACADEMY OF ADVANCED CINEMATICS (MAAC)

OPEN DOORS TO GLOBAL CAREER

Maya Academy of Advanced Cinematics (MAAC) is India's leading educator in high-end 3D Animation and Visual Effects. Founded in 2001, MAAC has trained over 30000 students across the country. It has over 70 centers with cutting-edge infrastructure in over 40 cities.

MAAC offers industry relevant Diploma courses on 3D Animation & Visual Effects validated by the University of Cambridge International Examinations & Degree courses in collaboration with IGNOU. It offers Real-life training environment to the students backed by an excellent faculty, infrastructure, and the latest technical educational tools.

A power packed three year degree program with the focus on creation of Digital Video (DV) films through intense training in concepts of film-making such as Basics of Film Making, Character Animation & Setup, and Compositing & Editing. It also covers in-depth training on 3D Animation and Visual Effects with Node Based Compositing and match moving. The program offers a thorough understanding of the Animation Production Pipeline. According to - Mr Ram Warriar, Business Head, Maac said, "The Indian animation industry is growing by leaps and bounds and would require more than three lakh animators in the next two years. I am confident that a university degree in 3D Animation & Visual Effects by IGNOU backed by MAAC's expertise will equip the students with specialized skills that are industry relevant and in tune with the global courses, thus making the students industry ready." The newly-launched joint-program will be made available across the country at select

MAAC centres. At the end of the successful completion of the program the students will be awarded with an exclusive degree by IGNOU along with a certificate from MAAC.

MAAC's students are placed as Modeling Artists, Lighting Artist, Render Artist, Character Animator, Layout Artist, Digital Sculptor, Rigging Artist, FX Artist, Roto Artist, Match Mover, Video Editor, Motion Graphics Artist, Compositors, Visualizes, Content Developers and Pre and Post Production executives in blue chip animation studios and entertainment companies like Prime Focus, Rhythm & Hues Studios, Crest Animation Studios, BIG Animation, Cornershop, EFX, Toonz Animation, DQ Entertainment, Paprikaas Animation Studios, NDTV, Studio 9, Redchillies VFX, Vaibhav Studios, IBN7, Animax, Pixion and Tata Elxsi Ltd. to name a few.
