HCTM Group of Institutions FOUNTAIN OF KNOWLEDGE

Years ago Late Dr. Puran Chand, founder of Dr. Puran Chand Dharmarth Trust, realized the need of quality technical education in kaithal Distt. and its surrounding areas. To fulfill this requirement and his personal desire, in 1998, he founded HCTM group of Institutions, Kaithal a brain child of this philanthropic society. Since then, the group has been progressing fast under the able and kind guidance of Er. Ranjan Agarawal, the Chairman, Er. G.K.sethi, the managing Director of the board of Governors and Dr. D. P. Gupta, The Director. The HCTM group of Institutions is running two colleges named Haryana College of Technology & Management And Haryana Institute of Engineering & Technology Kaithal under its banner.

The Institutions of this group are approved by AICTE and Haryana Government, Permanently affiliated to Kurukshetra University, Kurukshetra and has been granted ISO 9001:2008 certification. The National Board of Accreditation, Govt. of India, New Delhi (NBA, New Delhi) had granted accreditation to three courses namely Mech. Engg., Electronics and Communication & Engg., Electrical & Electronics Engineering. In order to provide the higher education to the students, the courses such as M.Tech in Electronics & Communication and Computer Science & Engineering have been running very successfully in our campus. The college also has MBA and MCA programs and has an intake of 60 students. The group is offering Six B.Tech courses (Mech. Engg., Electronics and Communication Engg., Electrical and Electronics Engg., Computer Science & Engg., Information Technology and Civil Engg.) with a total strength of more than 3500 students.

Both the Institutions have a unique state of art infrastructure, beautiful landscaped lawns and well-maintained sports grounds. It has separate Hostels for Boys and Girls and Faculty/Staff residences on the campus to enhance teacher student interaction, a fully air-conditioned digital library with

book Bank Facility and own buses and vans. It has uninterrupted supply of electricity and water round the clock. It has fully air-conditioned computer center and also has established Wi-Fi networking and 24 hrs. internet facility for the entire campus. Both the Institutions have highly qualified and dedicated faculty and staff who are the true epitome of academic excellence and professional experience.

To explore the opportunities of placement, concrete efforts are made by the placement cell to assist the students for suitable placement in industrial houses and companies of high repute. The campus also has NSS unit and Research & Development Centre for the over all Development of Students as well as of the Faculty. The medical facilities are available in the campus for 24 hours. An ETP (Efficient Treatment Plant) has been installed and a sewerage treatment plant is established to improve the environment and only sewerage treated water is use for plantation and the nursery purpose. Solar energy power is also utilized. Solar water heating plant has been provided in the hostel. Haryana College of Technology & Management running under the banner of HCTM group of Institutions has been awarded by the Best Engineering College Award in Western Haryana by New Age Build in 2009. The college also got First Position in a seminar of Higher Education organized by Media 9.9. Because of the management's keen interest in fauna and flora the college got First position in the potted plant competition at the Rose Festival held by Chandigarh Administration and Third position in Artistic arrangement in a competition organized by Municipal Corporation Chandigarh and recently the college has also been awarded by "The best Engineering College in Haryana Award" By Times Research in 2010. To conclude at HCTM group of Institutions, Kaithal no stone has been left unturned in providing its students with the best in each and every field related to true Education.
