

SAVERA GROUP OF INSTITUTIONS HUB OF EXCELLENCE

DR. ISHPAL BHARDWAJ
CHAIRMAN

From a modest beginning in 2007, The Savera Group of institutions has grown into a premier institution in NCR Gurgaon. Besides bestowing knowledge, this institution takes upon itself the responsibility of fostering & nurturing the student's dormant faculties and to convert the aspirants into universally acknowledged technocrats and managers. To embark on a journey of success one needs the tools of preparedness, foresight and strategy. These lead to the path of growth. Realising the responsibility, we are recruiting deeply knowledgeable & committed faculty at Savera. They are committed to sharpen the students' faculties with use of innovative and unique pedagogical tools and systematic and continuous evaluation. The pool of raw talent is meticulously groomed and rigorously trained in all aspects - be it academics, extracurricular activities, team dynamics or leadership skills. The curriculum is so framed that it not only focuses on providing technical expertise in theoretical aspects but also emphasizes on ensuring the right corporate and technical exposure.

The state of the art infrastructure is uniquely designed to develop engineers/managers who are equipped to tackle the challenges of present and futuristic global environment. The Savera group has established alliances and academic collaborations with many renowned institutes in India as well as abroad for national/ international exposure for the students. I welcome and wish to assure the aspirants who get admitted in B.Tech/MBA/B.Arch* that all efforts will be made to bring them in forefront of modern technological advancements at the Savera Group of Institutions.

CENTRE FOR MANAGEMENT TECHNOLOGY FLYING START TO YOUR CAREER

SHWETA SINGH
DIRECTOR (ACAD.)

Centre for Management Technology, C-MAT is amidst the lush green vicinity of Knowledge Park-1 in Greater Noida. C-MAT was born out of the vision to give a new direction to management and technical studies in India. At C-MAT it is transforming experience for student who will go on to change the lives of those around them. Their mission is to educate leaders who can make a difference in the world is more than mere world. Her students are not to feed tailor-made information but to develop outlook of future leaders of business in cultivating intuition, holistic perception, creativity and strategic awareness. This institution dedicated to the exploration of the process of organization change with a view to accelerate the pace of human and institutional development leading to social progress. This is done through pioneering work in the field of research, training and education. "In the field of education, this assumes even more significance considering the fact that we are dealing with future leaders and shaping up the tomorrow of Corporate world. To me success is that visible bright smile on the face of my students after being placed in their dream companies through our placement drives. We were really blessed that even during recession, we managed to have those smiles in abundances of my institute: Quality Facilities, Quality Education and Quality Placements. Pre-requisites of a great leader: The uncanny ability to face tough times with effortless ease and should share the success with everyone while taking all the blames for failures only on his own shoulders. My vision for this institute is: to be not one of the best but the best in North India in terms of quality education and placements. The Institution is in talks with Foreign Universities for providing regular exchange programs and is also planning to develop its own IT Research Centre in collaboration with some leading IT firms. Believe in yourself and have a focused approach in life.

LINGAYA'S UNIVERSITY BESTOWING KNOWLEDGE. HARBORING GROWTH.

Technical Education is the corner stone of Economic development and prosperity of the country as it impacts all aspects of life.

Intellectual competitiveness is essential to individuals as well as to our country for achieving the status of a global leader in the new knowledge age. Lingaya's University aims at using technology effectively for economic growth replete with intellectually stimulating academic environment to ensure creation, generation, dissemination and application of knowledge to mould the professionals of tomorrow. The University represents the essence of academic excellence where the best of faculty, students and educational infrastructural facilities along with an innovative teaching, learning process combine to create a unique environment.

At Lingaya's University we help the students to realize their objectives and make them potential Nation Builders. The University is focusing on Research & Development and is introducing new courses - B.Arch., Integrated BBA/MBA programme, B.Sc. (Hons.) in Electronics & Computer Science in the commencing academic year. The University is equipped with all facilities required for the students like hostels for girls and boys, three cafeterias, medical facilities, banking facilities, fully equipped labs & libraries, auditorium, seminar halls etc. To my mind, the critical parameters for Education are going to be quality, flexibility and relevance. In addition, networking of Universities with the corporate world will be another very strong requirement in the coming days.

DR. PICHESWAR GADDE
PRO CHANCELLOR
