

If you innovate,
they will come.

In a recent Accenture survey, 89% of executives agreed that innovation is as important as cost management for high performance. But while many companies are investing more in innovation, only a few have a rigorous approach for managing the process. As a result, even innovative companies often fail to realize the benefits that their new ideas could produce. To see how our vast experience and research can help you maximize your return on innovation, visit accenture.com/india
