The serpentine queues of students awaiting admission to science courses at St. Stephen's is nothing unusual. The students who do make it this year to the venerated 129-year-old institution in the capital as well as the pure science scholars now a year from graduation, have something more to add a spring to their step. After five years of Loyola College, Chennai, holding the No. 1 spot in the INDIA TODAY Best Colleges Survey, the St. Stephen's science stream this year finds itself at the top. Loyola is now No. 2 followed by Presidency College, Kolkata. Among the prominent gainers this year are Christ College, Bangalore, up from 13th to 7th rank, and Hansraj College, Delhi, which has moved into the top 10 from its 14th position in 2009.

St. Stephen's offers a three-year integrated degree course in chemistry and physics, where the theory courses are reinforced by rigorous laboratory assignments. Along with it, the two options offered are either entrepreneurship and small business or computers in chemistry. St. Stephen's boasts of a Physics
