YOUR TRIP STARTS HERE!

We are back with the **India Today Travel Plus** readers' choice survey—this time in a new, simplified avatar. Still nascent, we got overwhelming feedback from you on the survey being a bit complicated; and the reader gets what the reader wants! So here it is, the **2-MINUTE SURVEY** of your travelling mind. Choose your favourites and make them a winner, in more ways than one!

HOW IT WORKS: Very simple. Fill in your favourite in each category and add any detail that you feel like. If you have more than one favourite, that's okay too. Just put them in an order of preference. So cut this form out and send it to us (address overleaf) or just visit our website and fill in the form online: www.travelplus.in/toplist
