

GALGOTIAS

COLLEGE OF ENGINEERING & TECHNOLOGY (GCET)

Ranked among top institutions of India for 3rd successive year

Source: DATAQUEST – IDCT – School Survey Dec'09.

SUNEEL GALGOTIA
Chairman, Galgotias
Education Institutions

Best academic practices, latest teaching tools, world-class training program and finest grooming procedures bring laurels to Galgotias' College of Engineering & Technology (GCET), as it continues to attain top positions in most of the leading surveys being conducted in the country.

That is what it showed the third time over when DATAQUEST conducted the fifth DQ-IDC-T-School survey. This year it was a hat-trick by GCET...the institution ranked among TOP THREE Private Engineering Colleges in the country. India's best 111 colleges participated in this survey which evaluated the T-Schools on five fundamental parameters viz placements, Infrastructure, Academic Environment and Industry Interface.

Of, course, GCET was way up the performance ladder and emerged as the stalwart among quality educationists.

Passing every test with flying colours, scaling high on every parameter, GCET proves itself once again. Having set unprecedented records time and again, the college adds a new chapter to its glorious success story. This one is Times Research Education Excellence Award instituted by one of India's leading Market Research companies Times Research, to recognize the contribution being made by the private sector in promoting excellence in professional education in India. An experienced faculty, state-of-the-art infrastructure and wholesome academic atmosphere go into the making of GCET among the top institutions in the country. It is the result of the institute's cutting-edge value addition programs that gives the students a sure-shot advantage over others.

NIIT UNIVERSITY INSTITUTE OF EXCELLENCE

Nestled in the foothills of Aravali, in Neemrana, Rajasthan, the picturesque 100-acre fully residential Green campus of NIIT University is equipped with state-of-the-art technology-enabled teaching methodology backed by a strong research-focused curriculum for facilitating a continuous process of learning and development.

Set up in 2009, with the vision of being the leading centre of innovation and learning in emerging areas of the Knowledge Society, the University is dedicated towards building great careers and ensuring exceptional job opportunities to all its students. It has been developed as an institute of excellence based on the four founding principles of providing industry linked, technology based, research driven, seamless education.

NIIT University offers BTech Programs in Computer Science & Engineering, Information & Communication Technology and Biotechnology; MTech Programs in Pervasive Systems, Embedded Systems, Bioinformatics and Educational Technology. PhD programs in Computer Science & Engineering,

Information & Communication Technology, Educational Technology and Bioinformatics/Biotechnology are available to students.

The University's MBA Programs have just been announced. The MBA Program at NIIT University (NU - MBA) is designed to help aspiring professionals build meaningful connections to the real world of business and become successful leaders of the future. Through the Mentorship Program, each MBA student will be mentored by an eminent corporate leader and coached by an industry professional. NU - MBA trains these future CEO's for the challenges and opportunities of the emerging economies like China or an African country through its International Immersion program. A number of reputed companies have already committed placements for all students of the founding batch 2012, subject to satisfactory graduation with consistent good conduct.

In the years to come, many new courses and academic areas will be established with an aim to help students build great careers across a wide range of emerging areas spanning the breadth of the knowledge society.
